

Faculty Outreach

Faculty Outreach

Helping faculty engage their
intellectual property

Explore the commercialization process with the help of seasoned professionals. Determine if your fundamental research is, or should be, on the commercialization path. Identify collaboration opportunities to leverage the value of research and intellectual property. Benefit from the diverse expertise provided by a supportive commercialization.

Whether you need help identifying funding to explore a new idea, protecting intellectual property, applying for a patent, or creating a business plan, our programs and our team is ready to help you.

Community of Faculty Entrepreneurs Entrepreneurial Faculty Advisors Faculty Outreach Guidance and Mentoring

“First, as a university researcher and second, as a pharmaceutical company CEO, I have seen the value of good ideas focused at solving real-world problems. University faculty are uniquely positioned to leverage their innovative ideas and realize their economic benefits.”

Hunter Jackson, Ph.D.
Associate Vice President
