# Funding Programs

## **Funding Programs**

Fueling research and moving  
ideas forward

The University of Utah can help you receive funding to take your idea to the next level. Funding for small prototypes, supplemental research and new business development help move innovative ideas and technologies to market.

### **TCP Grant**

Awards up to \$35k/year for two years

### **Micro Grant**

Awards up to 5k for small prototypes and other unique research needs

### **The Virtual Incubator Program (VIP)**

Awards up to \$50k to reinvest in sponsored research to enhance research and technology innovation

### **KickStart Seed Fund**

Early stage investment funding for new business ventures. Typically around \$50-250k

### **SBIR/STTR Assistance**

Grant writing services and support for new University based companies and technologies
